The farmers of Bourbon county are asked to meet at the court house in this city on next Monday, April 5, County Court Day, at two o'clock in the afternoon.

STONE BUYS INTEREST IN PARIS ICE PLANT

According to information given THE NEWS recently from what is considered a reliable source, a deal has been consummated by which Ben Stone, of Georgetown, purchased the Graziani interests in the Paris Ice Manufacturing Co.'s plant and business, held by J. B. Graziani and heirs of the late J. B. Graziani, of Covington.

Phil Nippert will remain with the concern in the capacity of manager, giving the public the same courteous and careful attention in a business way that has always characterized his dealings with them. Mr. Stone is a prominent business man of Georgetown, and has for many years associated with John Montgomery in the management of the Georgetown ice plant and associated enterprises. Paris will gladly welcome Mr. Stone to the business life of the community.

The Paris plant is undergoing an extensive overhauling and improvements costing several thousand dollars are being made that will enlarge the capacity of the plant and make a reputation of ice factories a thing of the past here.

BOY FRACTURES SKULL.

While swinging from a rope in the gymnasium of the Y. M. C. A. late yesterday afternoon, Edward "Pete" Floyd, aged eleven, son of H. H. Floyd, manager of the Cumberland Telephone Co., lost his balance and fell to the floor, a distance of about fifteen feet. His skull was fractured, and both arms and one leg were broken. It was stated that the boy was being pulled up to the balcony on the rope by a colored man, and lost his hold just as the balcony was within reach.

He was hurried to the Massie Memorial Hospital, where his injuries were attended to by Dr. Chas. G. Daugherty. As THE NEWS went to press last night he was reported as being unconscious and in a critical condition.

OLD TIMES IN PARIS.

Twenty years ago yesterday the G. G. White distillery, in East Paris, was burned to the ground by fire of unknown origin. Several hundred barrels of the famous Chicken Cock brand of whisky went up in flames. The loss was estimated at about \$40,000. Some time after a new building was erected a short distance above the site of the old distillery. This is now occupied by Chas. S. Brent & Bro. The site of the old distillery now belongs to the same firm. The warehouses in which the famous product was stored to age are now occupied by the same firm. Verily, how things have changed about the old town!

NEGRO TAKEN FROM PARIS OFFICER IS LYNCHED

When THE NEWS closed its report Monday night of the action of a mob of men in taking from officers at this point Grant Smith, colored, wanted in Fleming county, on a charge of criminal assault, it was not known what disposition had been made of the prisoner. Conflicting reports came from different sources, and, as communication had been cut off from Flemingsburg and other places, it was impossible to learn the negro's fate that night. Press dispatches the following morning indicated what his end had been.

The revolver and handcuffs belonging to Chief of Police Link, which had been taken from him at the time were returned to him in a mysterious package Wednesday morning or a message of any kind.

One of the most ridiculous stories regarding the affair was that printed in Tuesday's issue of the Cincinnati Commercial-Tribune, in which it spoke of a mob of "Bourbon county mountaineers," "At this writing the body of the negro is swinging from the end of a rope at the L. & N. railroad bridge near Millersburg," etc. For misinformation and a lack of knowledge of this section of the country the Commercial-Tribune's statement takes the whole bakery, and then some.

Smith's victim attended college in Millersburg, where, after a time, the teachers learned of her trouble, and her parents took her home. She was there a week before the negro left. She was later sent to a hospital in Louisville. She told her parents that the repeated threats of death made by the negro had kept her silent until she could no longer do so, and had to tell them the truth. Smith, fearing that his threats would have no effect after the girl had informed her parents, left for parts unknown the day after the first attempt to lynch Lockett at Lexington.

The Coroner's jury returned a verdict stating that Grant Smith, negro, lynched on the Maysville pike for alleged assault on a girl, died at hands of persons unknown.

Whether a grand jury investigation of the lynching will be held has not yet been announced. Deputy Sheriff George W. Powell, from whom the negro was taken at Paris, said on his arrival at Flemingsburg, Tuesday, that he was unable to identify any of the members of the mob.

The body of Smith was cut down from the pole Tuesday and turned over to the family of the mob's victim.

Governor Edwin P. Morrow, who was in Louisville, Monday night, remained up until long past midnight waiting definite word from Fleming county, where a mob lynched Grant Smith.

The Governor referred to the enactment by the recent Legislature of the law requiring removal from office of peace officers who surrender their prisoners to mobs and declared while the law is still inoperative (it does not take effect until June) there is no doubt as to the moral responsibility of the officers in allowing Smith to be taken from their custody.

"The incident is most regrettable," said the Governor, "and the law should have been allowed to take its course."

"Summary justice dealt to Will Lockett at Lexington recently should leave no doubt in any honest mind that Kentuckians know how to deal with criminals of this type."

A Paris newspaper man, who had followed the trail of the men who took the negro, Grant Smith, from the officers here, and started toward Fleming county, where the crime was committed, found at 3:30 o'clock Tuesday morning the dead body of the negro suspended from the cross-arm of a telephone pole on the Maysville pike, six miles from Mayslick, swaying in the wind.

Although his captors left Paris at 6 o'clock with their victim, Smith, was not hanged for several hours. His captors seemed to have in mind the new law, which provides that the penalty for rape is that the victim shall be hanged in the county in which the crime was committed.

The negro was taken to a point near Mayslick, Mason county, but within the borders of Fleming. On his way to the scene of the execution, Smith is said to have made a full confession to his captors, admitting he had forcibly taken advantage of the young girl on two occasions, and that "he didn't know why he did it."

When the self-appointed executioners arrived at a point six miles from Mayslick, they were met by the delegation which had been on watch in Maysville. The two parties combined and the negro was asked if he had anything to say. He asked for time to pray and was granted five minutes. Those who heard the prayer say he confessed his sins to God, asked to be forgiven, and then told those personally in charge of him that he was ready.

A hangman's noose, made from a piece of new rope was placed around his neck. Some one in the crowd had brought along a pair of climbers, used by telephone line-men. Taking the end of the rope he rapidly climbed the pole, threw the end over the cross-bar and as he was descending the pole the negro's body was being hoisted to a distance of twenty feet.

Smith slowly strangled to death.

REAL ESTATE TRANSACTIONS

Mayor January purchased the property from the Wm. E. Board estate about eight months ago for \$6,300. January have taken apartments in the Robneel Flat, at the corner of Main and Eighth streets.

SPECIAL OFFICER RETURNS WITH PRISONER.

Coroner Rudolph Davis, special officer deputized by Chief of Police Link for the purpose, returned Wednesday from Youngstown, Ohio, having in charge Sidney Ormes, a former resident of this city, charged with deserting his wife and babe in this city. During his residence in Paris, Ormes was a lineman in the employ of the Cumberland Telephone and Telegraph Company.

A complaint was lodged against him at the March term of the Bourbon Circuit Court, recently adjourned alleging that he had abandoned his infant child in this city without making proper provision for its support. Ormes waived the formality of waiting for the issuance of requisition papers, and came to Paris willingly.

LET'S SEND SOME MORE TELEGRAMS.

The Mayor was bragging last week about a telegram from the Water Company, stating we would have more and better water. It rained since then and the water is just as bad as before.

Every time we protest to the Gas & Electric Co. they promise to do better, and the same as the Water Company, no relief is given us. The lights are either out on the streets or in the residence section—but the meters continue to run just the same.

Let's have a bunch of telegrams printed and sent regularly to both of the above concerns. They are both jokes, and both of the clever managers are to be sympathized with.

SPARKS CAUSE FLAMES

The fire department was called Wednesday afternoon by an alarm from Box 34 to a point near the Paris Cemetery, where sparks falling in a pile of hemp herds had caused a big blaze. The department extinguished the flames. This is the fourth call from that vicinity in the past few days.

He was muttering, "Lord, forgive me," as the rope tightened about his neck, shutting off his power of speech. As soon as the negro was dead, the party dispersed, going in opposite directions. The dead body of the negro was left with only a baying dog as its companion.

From early daylight until 10 o'clock Tuesday morning the road leading to the scene of the lynching was blocked with vehicles of all descriptions, many coming from Lexington, Paris, Maysville and other river points. At 10 o'clock the coroner of Fleming county arrived, and with the assistance of several men, cut down the body, placed it in a wooden box and took it to Flemingsburg, where it will be buried by the county. Smith is survived by his wife and four children.

BOURBON FISCAL COURT.

The Bourbon Fiscal Court met yesterday in a special term in the County Court room for the consideration of business. Judge George Batterson presided, with the following Justices present: L. J. Fretwell, E. P. Thomason, R. H. Burris, J. S. Talbott, A. L. Stephenson, J. J. Wiggins, J. N. Shropshire and R. O. Turner.

The report of County Road Engineer Ben F. Bedford for the month of March was received and filed. Claims against the county amounting to \$941.90 were allowed and ordered paid.

It was ordered by the Court that an ad valorem tax on all property subject to taxation within the county of Bourbon as assessed for State purposes be levied for the year 1920 for county purposes as follows: To pay court house bonds and interest on said bonds, 3½ cents on each \$100 worth of property; turnpikes and bridges, 25 cents; general purposes, 21½ cents; further orders that a poll tax of \$1.50 be levied on each male inhabitant over twenty-one; ad valorem tax outside the city of Paris and Little Rock Graded School and North Middletown Graded School district for school purposes, 25 cents; poll tax \$1.00; ordered a special road tax of twenty cents on each \$100 as voted to be levied and collected by Sheriff for 1920.

The resignation of Silas E. Bedford as County Treasurer was presented, and accepted. Wallace W. Mitchell was elected his successor. The bid of John Cain of \$2.25 for turnpike construction was accepted, all others being rejected. Mrs. Harriet Minaker, Visiting Nurse of the Health and Welfare League, was ordered paid \$6.00 per month for the support of Herrington child, and \$3.00 for Minty Palmer. The County Treasurer was authorized to borrow the sum of \$25,000 for use of the Turnpike Fund. The Treasurer reported that he had purchased eight Liberty bonds amounting to \$7,399.84, for the Garth Fund, and nineteen for the Hamilton Fund, amounting to \$17,237.13.

THE MASSIE HOSPITAL CAMPAIGN.

"We are on the last lap of the race, and going strong," said Jos. W. Davis, yesterday, speaking of the Massie Memorial Hospital Campaign. "We now have on hand about \$18,000. One contributor, whose name is withheld by request, sent in a check for \$1,000. We are playing a waiting game, knowing there are many yet who desire to contribute to the fund, but we would like very much to close the campaign as soon as possible. Many have not yet been seen, and several who want to contribute have asked us to call again, so there's these subscriptions to be taken in yet on the final total. The Hospital is full to the doors with patients and the campaign is progressing nicely."

The following amounts have been subscribed since the last report was made public:

W. W. MITCHELL APPOINTED AS COUNTY TREASURER.

At a meeting of the Bourbon Fiscal Court yesterday the resignation of Silas E. Bedford as County Treasurer was reluctantly accepted, in view of the splendid and faithful services he had rendered the county in handling its finances. By a unanimous vote the Court appointed Wallace W. Mitchell, cashier of the Farmers' and Traders' Bank, as Mr. Bedford's successor.

Mr. Mitchell has had a large experience in public offices, and will bring to the duties of his new position a ripe judgment born of long experience in financial matters. He has been in the banking business for many years and knows all the ins and outs of the financial world. The Court has made an excellent selection, a worthy honor bestowed on a worthy man. Mr. Mitchell accepted the responsibility and has assumed his new duties.

BOXES MAY BE SUB-LET FOR RACES.

In face of the biggest demand for boxes ever known at the Lexington track for a Spring racing season which opens this year on April 24, the Kentucky Jockey Club has announced that a special ruling had been made to allow any box owners who will not be able to attend the Spring meeting to sub-let their boxes, without losing control over them.

Arrangements to sub-let the Spring meet must be made, however, through Francis Douglas, Governor of the Jockey Club, who is in charge of this phase of the Club's activities. Mr. Douglas stated that a long waiting list of boxes had been filed with him, and that any box-owner who wished to retain possession for the fall meeting, but who will not need it for the spring events, could select from this list a suitable party and the sub-letting arrangements would be made through the Jockey Club.

The president of the United States is paid by settlement warrant, which is practically the same as a check. This warrant is sent to him by messenger from the treasury twice a month. STATE MAY LOSE PART OF ROAD AID FUND.

The State of Kentucky will lose a good part of the federal aid appropriation by Congress for highways in that State unless road projects eligible for federal aid are submitted quickly. This is the information given to Congressman King Swope by Thomas H. McDonald, chief of the bureau of public roads, of the United States Department of Agriculture.

Joseph S. Boggs, commissioner of public roads of Kentucky, made a request of Congressman Swope that he endeavor to have a federal engineer assigned to road construction work in Kentucky, and Mr. Swope asked the bureau of public roads to assign a man for such duty. The reply from Mr. McDonald was to the effect that no action can be taken by the federal government in connection with the State highway building until the States submit their projects, as the initiative is with the States under the federal law.

Mr. McDonald explained that the appropriation for the current fiscal year will lapse June 5, unless arrangements for its expenditure have been made by that time, and that a sufficient number of federal and road projects have not been submitted for approval by the bureau of good roads to use up the amount allotted to Kentucky. Neither have enough projects been submitted to justify the appointment of a federal engineer to give his entire time to the State of Kentucky.

Remarkable And Convincing Story
Of Trutona's Restorative Powers
Told By Mr. Lee

LOUISVILLE, KY., April 1.—"I'll swear by Trutona and I never expect to be without it again. 'And why shouldn't I? After I had spent hundreds of dollars for other medicines, one bottle of Trutona did me as much good as all the rest put together. It placed my system in perfect condition and I've gained twenty-eight pounds in the bargain.' In his own words, the foregoing is what Trutona, the perfect Tonic has done for Harry Lee, an employee of the Seelbach Hotel, who lives at 1661 Gallagher Street, Louisville.

"Stomach trouble, together with the after-effects of an attack of pneumonia caused a general breakdown in my health," he continued. "I became constipated and suffered headaches. My appetite was very poor, it seemed I never wanted anything but a cup of coffee. I didn't sleep well at night."

"Well, sir, I weighed only 120 pounds when I began using Trutona, but to-day I tip the scales at 158—a gain of 28 pounds. And I feel just like a new man, too. My constipation has been relieved. I have not had a headache for weeks and my former nervousness is a thing of the past. And my appetite—well, I eat more than my income will stand. I'm full of life now, enjoy my work and I know I'm in perfect physical condition. My father-in-law and my thirteen-year-old son also took Trutona and it helped them greatly. My boy's strong and healthy and gaining weight now."

Trutona is sold in Paris at G. S. Varden & Son's. (adv)

WAIT UNTIL PERFORMANCE IS OVER.

In an effort to appease the wrath of many patrons of the Grand Opera House, who have patiently endured the ordeal of being overrun by persons who rush out of the house before the performances are over, the management is running on the screen a slide calling attention to this very undesirable practice. This is a move in the right direction, and has already had the desired effect. At least it is being observed by those who desire to show some consideration for the feelings of others.

Now if it could only be possible to put a stop to the ones who read the sub-titles out loud; those who bring crying babies to the house; those who try to punch the back out of your seat with their knees, and a dozen other forms of nuisance, the long-suffering public will rise up and call them blessed and hope that their days may be long on the earth. Amen!

"That Telephone is Out of Order"—

The "outside plant" of the telephone exchange is largely exposed to the weather, even the best maintained of modern plants yield to the elements—and to accidents—at times.

The lead sheath of the aerial cable—covering hundreds of tiny copper wires wrapped with paper—crystallizes; microscopic cracks or perforations appear; a driving rain penetrates to the paper insulation—and fifty or a hundred telephone circuits are "crossed up."

Sleet and ice gather on the wires and drag them down; the unusual weight may snap a pole—the telephones on that "lead" are "dead."

Twisted-pair "drop wires" to the subscriber's house become water-soaked and "crossed"; a tree or limb is blown across a line; a runaway truck breaks a pole; lightning or current from a broken power wire "blows" fuses; a down-town fire destroys a distributing pole—

Just a few samples of the many things that happen; that precaution cannot prevent. Is it any wonder that your telephone "goes dead" occasionally?

A REMARKABLE ACCIDENT

When a tree cut by Hurley Oliver, 21, at Mayfield, fell, it struck an axe leaning against a stump, slipped it 40 feet to where he stood, the blade severing his collar bone, tearing ribs loose from the breast-bone, and penetrating the left lung. He almost bled to death, but may recover.

HOW IS YOUR COMPLEXION?

A woman should grow more beautiful as she grows older and she will with due regard to baths, diet and exercise, and by keeping her liver and bowels in good working order. If you are haggard and yellow, your eyes losing their lustre and whites becoming yellowish, your flesh flabby, it may be due to indigestion or to a sluggish liver. Chamberlain's Tablets correct these disorders.

FRIENDS NOTICE BIG IMPROVEMENT

Petersburg Man Gains 12 Pounds In 30 Days—"Tanlac Put Me On My Feet," He Says

"I wasn't looking so much for gain in weight as for relief from my suffering, but I have gotten both, and you may know by that what I think of Tanlac," said T. T. Morris, a well-known resident of 216 Brown Street, Petersburg, Va., recently.

"Since I began taking Tanlac, about a month ago," Mr. Morris explained, "I have gained twelve pounds and my friends have noticed my wonderful improvement. For several years I have been rocking along in a half sick condition, feeling tired out and no account all the time. But three years ago I began to get worse rapidly and got so I could not attend to business or do any kind of work. I would bloat up after eating, have intense pains in the pit of my stomach and my heart would palpitate until I thought each breath would be my last. I actually dreaded for night to come, for I could hardly sleep lying down and at times I had to sit up in bed all night in order to breathe. I had to stay in bed for days at a time and when up I could hardly get around at all. I had awful pains in my sides and I also had rheumatism so bad I could hardly bear to move my arms and my legs hurt so bad. I could not walk without dragging my feet. Nothing I ate agreed with me—there was a continuous gnawing pain in my stomach.

"Nothing did me any good and I was told that I would never get over my troubles. I had been reading what others said Tanlac had done for them, and as a last resort decided to try it. Well, sir, I had good results almost immediately after I had taken but a few doses. I was feeling better than I had in months and by the time my first bottle was gone there was all the difference in the world in my condition. No more sleepless nights for me now, for I breathe free and easy and sleep like a child. Everything agrees with me perfectly. I never have any more pain, palpitations or distress of any kind after eating. My legs and arms don't hurt me any more and I can get around as spry and work about as well as I could when I was a young man."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

THE NATION'S GAS SUPPLY

George Otis Smith, Director of the United States Geological Survey, is the authority for the statement that there is less than eight years' supply contained in the oil reserves of the country. According to Mr. Smith the total amount represents 6,500,000,000 barrels. He comments: "The secret of the capacity of nature's storehouse is easier to unlock than the mystery of the progress in man's needs and desires. I think the oil geologists can estimate within 50 per cent of the oil fields of the United States, but who could have foretold within 100 per cent of the truth the increase in the consumption of gasoline even within the present decade." The present demand for oil is more than 5,000,000 barrels greater per month than it was a year ago, and Mr. Smith observes that "the arts of peace are requiring more oil than we have." What are we going to do about it? The problem does not seem to be concerning very many people since the number of automobile users is constantly on the increase, and the automobile manufacturers are all behind in their orders. At the same time there is a steady increase in the use of oil for heating and power in transportation and industries.

IT'S SURPRISING

That So Many Paris People Fail To Recognize Kidney Weakness

Are you a bad back victim? Suffer twinges, headaches, dizzy spells? Go to bed tired—get up tired? It's surprising how few suspect the kidneys. It's surprising how few know what to do. Doan's Kidney Pills are for the kidneys only. Ask your neighbor. Have convinced Paris people of their merit. Here's a Paris case; Paris testimony. Kidney sufferers hereabouts should read it.

Mrs. A. L. Burley, 329 Eighth St., says: "I have used Doan's Kidney Pills, getting them from the Ardery Drug Co., and from the benefit I received, I certainly think they are a good, reliable kidney remedy. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have used a box or so of Doan's Kidney Pills. They have always relieved me of the complaint."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Burley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv)

HAS NO PAIN NOW

What Lydia E. Pinkham's Vegetable Compound Did for Mrs. Warner.

Onalaska, Wis.—"Every month I had such pains in my back and lower part of my stomach I could not get on. I suffered as though I would die, and I was not regular either. I suffered for a year and was unfit to do my housework, could only wash dishes once in a while. I read an advertisement of what Lydia E. Pinkham's Vegetable Compound had done for other women and decided to try it. It surely did wonders for me. I have no pains now and I can do my housework without any trouble at all. I will always praise your medicine as I do not believe there is a doctor that can do as much good in female weakness, and you may use these facts as a testimonial."

Mrs. LESTER E. WARNER, R. 1, Box 69, Onalaska, Wis. The reason women write such letters to the Lydia E. Pinkham Medicine Co. and tell their friends how they are helped is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved.

Why Should You Own a

Standardized Weber Wagon?

Sold in the Southland since 1845

Because:

It will last longer than the old-style 60-inch wagon; It will run more smoothly than the old-style wide-track wagon; It will help maintain the uniform 56-inch ruts made by the automobile; It will save automobile tires, and reduce repair bills on both wagon and auto; It allows the wheels to follow road conditions without any twisting strains; It has the best constructed front gear ever put on a wagon; It will identify you as a progressive farmer; The 60-inch wagon has been out of date since all motor vehicles were made only in 56-inch track;

And—most important of all—you get more real value for your money when you buy a fifth-wheel, swivel-reach-coupling standardized, auto-track Weber wagon than in the purchase of any other wagon on the market.

The next time you happen to be in town drop in and let's have a little wagon argument.

COPY OF OLD PAPER PUBLISHED IN 1855.

While visiting friends in Woodford county recently, Mrs. Allen Kiser, of Paris, came across a copy of the Western Citizen, published in Paris, by A. M. Brown and J. L. Walker, under date of Friday, Aug. 24, 1855. The old paper was brought by Mr. Kiser to THE NEWS office yesterday for the inspection of the force.

The paper is set in old style type and contains an assortment of miscellaneous reading, together with advertisements of Cincinnati houses and the Covington & Lexington Railway, on the front page. There is also an advertisement of the Paris Cigar and Tobacco Store conducted by John V. Lovely, and the grocery business conducted by the firm of Cassidy & Ficklen. The editorial page contains a long notice of the death in Nicholas county of former Governor Thomas Metcalfe, known familiarly as "Old Stone Hammer." One of the advertisements tells of the approaching sale of land, stock, crop, negroes and hemp, belonging to James H. Kerr, Sr. Included in the list of advertisements, which are all set single column are Williams & Cassidy, coal and lumber; William Warren, photograph gallery; North Middletown Female Seminary, conducted by W. B. McGruder; Wm. Coulthard, mill; Peck & Meglone, real estate agents; Bourbon House, Mrs. R. Thurston, proprietress; Paris Male Institute, Prof. Harry DeKalb, principal; Paris Bakery, George A. Hite & Co., proprietors; Paris Female School, Rev. T. D. Warlaw, principal; Millersburg Male and Female Seminary, Rev. G. S. Savage, principal; numerous farm sales; Rion & Mitchell, grocers; Lazarus Price clothing; and numerous other Paris business enterprises of the time.

SCHOOL BONDS SOLD

At an adjourned meeting of the Paris City Council the new issue of City School bonds, amounting to \$35,000, was sold to the Providence Savings & Trust Co., of Cincinnati, at par and a premium of \$1,000. The money will be available in a few days.

The additions to the white and colored High School buildings are nearing completion. The additional cost above the original estimate of \$47,000 was caused by the advance in cost of material and labor. When all improvements have been completed Paris will have two of the handsomest educational institutions in the State.

ATTENTION, TOBACCO GROWERS!

The mule, long regarded as one of the most fractious animals on earth, has been darned and damned by every class of citizens on earth. General Grant, at the battle of Shiloh, is said to have remarked, "Dam a mule, anyhow!" While hitching up one of these beasts to a wagon on the farm of B. B. Marsh, near Paris, Will Hall, colored farm hand, was badly injured when the animal playfully tapped him with his heels. Hall's right eye was knocked out, and he received severe injuries about the face. A physician was called, and the injured man given attention.

"APRIL FOOL'S DAY."

Yesterday, the first day of April, was the day officially designated in the calendar as "April Fools' Day," being the day consecrated by a practice several hundred years old, to pranks and stunts of the kind calculated to make the day remembered. Of late years it had fallen into disuse to a large extent, though the small boy was right on the job yesterday, and brought out his usual bag of tricks for the amusement of his companions and the discomfort of his victims. THE NEWS force had their fingers crossed at intervals during the day, and escaped the infliction.

HELP THE BOYS WHO SAVED US

One good turn truly deserves another. The soldier boys saved this country and kept it the splendid place to live in that it is. We are now asked to show our appreciation of their work in making a small donation to help further the interests of the work the American Legion is engaged in. This county's quota has been placed at \$357. A. B. Hancock has been designated as chairman of the drive. No campaign should be necessary, and will not be. Our people will rally as one person to raise this fund. See Mr. Hancock as soon as you read this and hand him your donation to the good cause.

LOCAL BANKING CONSIDERED FROM NEW VIEW POINT

The bank is well known to be the
thermometer of the community. It
tells the story of our financial pros-
perity or depression. It is the local
register of the commercial health.
The more the banks the greater the
prosperity; the larger the deposits
the healthier we are. Modern bank-
ing business is a much better under-
stood business than it formerly was.
There was a day when it was like
getting into the holy of holies to see
a bank president or cashier. To-day
he has his seat near the door of the
bank and gives the glad hand to
his customers. Who ever heard of
a bank advertising in the old days?
To-day every progressive banking
institution places its proposition be-
fore the people by means of the local
press.

Yet, despite all this progress there
is a woeful and surprising amount
of ignorance regarding the bank
and its purposes, and many people
utterly fail to comprehend the rules
that must guide a well-handled
financial institution. What people
forget mainly is that the bank is
not its own. Its money and
our money that it lends to its cus-
tomers, and when dealing with other
people's cash the greatest of care
is always to be observed.

The banks of Paris and Bourbon
county want to lend money. They
are in the business for exactly that
purpose, but they must primarily
see to it that they lend safely.
With checking accounts the deposit-
ors are frequently very inconsid-
erate in dealing with their banks.
Consider for a moment the ex-
penses, the overhead charges under
which your bank labors. It must
pay these overhead charges, and all
these things cost money, and lots of
it. Every customer of a bank should
keep on hand what is known among
bankers as a "paying balance."
The banks of Paris and Bourbon
county want accounts. They want
all they can get, yet in order that
the account may be a paying one
there should at all times remain on
hands a "paying balance."

HOW DIPHTHERIA IS CON- TRACTED

One often hears the expression,
"My child caught a severe cold
which developed into diphtheria,"
when the truth was that the cold
had simply left the little one particu-
larly susceptible to the wandering
diphtheria germ. If your child has
a cold when diphtheria is prevalent
you should take him out of school
and keep him off the street until
fully recovered, as there is a hun-
dred times more danger of his tak-
ing diphtheria when he has a cold.
When Chamberlain's Cough Remedy
is given it quickly cures the cold
and lessens the danger of diphtheria
or any other germ disease being
contracted. (adv)

CHAMBERLAIN'S COUGH REMEDY

The great benefit derived from the
use of Chamberlain's Cough Remedy
has been greatly acknowledged by
many. Mrs. Benjamin F. Blakeney,
Decatur, Ill., writes, "Chamberlain's
Cough Remedy is by far the best
medicine for colds and coughs we
have ever used in our family. I
gave it to my children when small
for croup and have taken it myself." (adv)

For Colds, Catarrh or Influenza

Do you feel weak and unequal to the
work ahead of you? Do you still cough
a little, or does your nose bother you?
Are you pale? Is your blood thin and
watery? Better put your body into
shape. Build strong!

An old, reliable blood-maker and
herbal tonic made from wild roots and
barks, is Dr. Pierce's Golden Medical
Discovery. This "nature remedy" comes
in tablet or liquid form. It will build up
your body and protect you from dis-
ease germs which lurk everywhere. One
of the active ingredients of this tem-
perance alterative and tonic is wild
cherry bark with stillingia, which is so
good for the lungs and for coughs;
also Oregon grape root, blood root,
stone root, Queen's root, all skillfully
combined in the Medical Discovery.
These roots have a direct action on the
stomach, improving digestion and assim-
ilation. These herbal extracts in the
"Discovery" aid in blood-making and
are best for scrofula. By improving the
blood they fortify the body against an
attack of grip or colds.

Catarrh should be treated, first, as a
blood disease, with this alterative. Then,
in addition, the nose should be washed
daily with Dr. Sage's Catarrh Remedy.

Send 10c for trial pkg. of Medical Dis-
covery Tablets or Catarrh Tablets to Dr.
Pierce's Invalids' Hotel, Buffalo, N. Y.

Kept Ignominy in Memory.

On the 5th of November, in 1500, Christopher Columbus, in spite of the incalculable services he had rendered to Spain, was taken into Cadiz in fetters. King Ferdinand and Queen Isabella were moved at the sight and commanded that he be released. Columbus, however, was unable to forgive the insult, and until the time of his death the ignominious fetters were hung in full sight on his walls as a reminder of the ingratitude of his sovereigns.

FIRE INSURANCE AGENTS OBJECT TO INSURANCE RATES

Fire insurance agents in Kentucky are objecting to the new rates established by the Kentucky Actuarial Bureau on hoghead tobacco in storage. During the latter part of February the bureau cut the rate about 20 per cent and made it retroactive to November 20.

Most of the hoghead tobacco in storage is owned by the American Tobacco Company, which, previous to the new rates, had been insuring it largely with unauthorized companies. The John Page Company, an Eastern concern, agreed to take over the insurance for the American Tobacco Company provided the company could get the rate reduced in this State, which was done through the Actuarial Bureau.

Insurance agents and the insurance department took the question up with Attorney General Charles L. Dawson on the grounds that before new rates can be established they must be published and that the Actuarial Bureau must give 15 days notice of such new rates before they go into effect.

They contend further that the policy adopted by the Actuarial Bureau in establishing the new rates on hoghead tobacco in storage opens a way for discrimination. Attorney General Dawson will give his opinion within the next few days.

MOST PEOPLE IN NEED OF SPRING TONIC THIS YEAR

Sickness General and Thousands Are Run Down—Vola-Tonic Ideal Builder.

Nearly everybody needs a strengthening, health-building spring tonic this year.

Influenza came back in January and February and thousands of people who had it are weak and run down as a result. In addition, what appeared to be a wave of general sickness passed over the country the last part of February and the first part of March. Complaints were common during that period. Bad colds, la grippe, and other forms of weakening sickness were reported everywhere.

As a result of these things thousands of men and women are weak and run down and it is believed that the need of a strengthening, health-building spring tonic is more general this year than ever before in history.

Vola-Tonic, "Builder of Strength," is already being taken by many people as a spring tonic and is what countless other men and women need.

Vola-Tonic invigorates the entire system and is a wonderful strength-builder. Vola-Tonic starts its work by bringing a normal, healthy appetite and putting the digestive organs and bowels in good condition. It helps the stomach take strengthening nutrition from food to build up and enrich the blood and to nourish organs and tissues of the body. Vola-Tonic also soothes the nerves and permits sound, energy-restoring sleep every night. As a result, full normal strength and health soon comes to the weakened, run down man or woman.

People who are weak and run down should take Vola-Tonic this spring so that they will be strong and well and ready to enjoy summer when it comes.

Vola-Tonic, "Builder of Strength," is being especially introduced in Paris at Varden & Son's.

CATARHAL DEAFNESS CANNOT BE CURED

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts thru the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness. Circulars free. All Druggists, 75c.

HERR.

—Mrs. Emily Walker Herr, of Lexington, well-known throughout this section as a writer and newspaper woman, died recently in Orlando, Florida, where she had been spending the winter. Mrs. Herr had been a frequent visitor in Paris, and was well-known to our people. She was for a long time on the staff of the Louisville Courier-Journal, and was a contributor to the magazines on a variety of subjects. Her writings were largely instrumental in the "broader view of things," now held in this country.

Mrs. Herr is survived by two sons, Alonzo and Hiram Herr, both of whom reside in Ashland. She was a sister of Kenner Walker and Samuel P. Walker, of Lexington, and William Walker, of Brookhaven, Mass. She was also a sister of Mrs. Garrett Nash and Mrs. Mayme Walker Shipman, both of Ashland. The body will be brought to Lexington, where the funeral and burial will take place at a time not yet announced.

PARIS BOY POPULAR AT KENTUCKY UNIVERSITY

Raymond Connell, of Paris, a junior in the College of Law of the University of Kentucky, is one of the distinctively popular and best known men in the University.

In the three years that Mr. Connell has been in the University he has shown marked ability. Probably this ability as a lawyer is owing to his mastery of English, to a certain extent, probably it lies in the fact that others can not "hood-wink" him out of his ideas, or most probably because he knows law. His marks have been unusually high; his professors say of him that he has forethought.

Not only does he keep his studies up to standard, but he takes active part in school activities. He is a member of the Henry Clay Law Society, and a member of the Sigma Alpha Epsilon Fraternity on whose basketball team he plays. He is a charter member of the newly-organized society known as the "Royal Order of the Fish."

His brother, Thornton Connell, was graduated from the University last June and is now one of the leading reporters on the largest paper in the State. His sister, Louise, is one of the popular young members of the Freshman Class of the same institution.

It is not exaggerating to say that great things are expected from him and Paris is proud of the fact that he has represented this town and county in the State institution.

RELIGIOUS.

—Rev. W. E. Ellis, pastor, will preach at the morning service at the Christian church, Sunday at 10:45 o'clock, subject, "The Resurrection." There will be no preaching at night. There will be instead of the regular service a special song service beginning at 7:30 o'clock.

The revival in progress at the Paris Methodist church continues to grow in interest despite the closing time is drawing near. There were three additions Wednesday night, bringing the total to forty-five. The pastor, Rev. Chas. H. Greer, is preaching powerful and eloquent sermons. The services are being held nightly at 7:30 o'clock. The meeting will close Sunday night.

—At a joint meeting of the C. W. B. M., the Young Women's Mission Circle and the Triangle Club, held at the Christian church Tuesday afternoon, an appropriate program was rendered. "Take Time To Be Holy," was the subject. The devotional period was in charge of Miss Helen Hutchcraft. The following subjects were presented: "Stewardship of Life," Mrs. Carlisle Wilmoth; "Stewardship of Money," Mrs. Charlton Alexander; "Stewardship of Prayer," Mrs. A. L. Boatright. An appropriate musical program was rendered. Mrs. Macie White Fithian singing a solo and Misses Young and Arnold rendering a duet. At 2:30 o'clock this afternoon the members of the same missionary organizations will render a program.

PRESBYTERIAN CHURCH.

Practically \$14,500 has been pledged in the financial campaign of the First Presbyterian church of Paris. Having done so splendidly in the financial part of the Presbyterian Progressive Program, the congregation is very happy and will enter with enthusiasm into the next phase of the program for the local church. This is a campaign for church attendance. Beginning with Easter Sunday morning and continuing for five weeks, through the first Sunday in May a drive is to be made for a model church, the goal being 100 per cent. church attendance. Mr. Peale Collier, the chairman of the publicity department of the church, is chairman of this campaign. The members of the church are urged to plan to attend as many as possible of the services during these five weeks. The public is cordially invited to each of the services. The hours of service are Sunday School, 9:30 a. m.; Christian Endeavor, 6:30 p. m.; preaching 11 a. m. and 7:15 p. m.

HEBREW FEAST OF THE PASS-OVER CELEBRATED TO-DAY

The Hebrew "Feast of the Pass-over" will begin to-day and will continue until Saturday, April 10. During Passover Week, unleavened bread will be eaten. This bread is characterized as the "bread of affliction," and is a reminder of the hasty exodus of the Israelites from their four hundred years of bondage to the Egyptians. Many of the Jewish citizens of Paris will go to Lexington to attend the services to be held at the Maryland Avenue Temple by Rabbi Lowenthal, at the beginning of this which is one of the most important and sacred festivals of the Jewish church.

Under the Volstead act persons of the Jewish faith may use wine in accordance with the rites of the feast. Under the provisions of this act no restrictions are placed on alcoholic beverages to be used in religious ceremonies. In accordance with the rites of the feast grape wine must be used. The wine is blessed, and though the blessing is really made on the grape, sherry properly made may also be used. The orthodox Jews will drink wine on the eve of the Passover and again to-day. Every member of the family must drink four cups of wine.

Y. M. C. A. NOTES

With the closing of the basketball season and the opening of the spring season several changes are to be made in the Y. M. C. A. gymnasium schedule. The High School and Business Men's Gym Class will be combined and meet at 4:45 p. m. on Monday, Wednesday and Friday afternoons. After supper the Young Men and Business Men's classes will be combined and meet on Monday and Thursday evenings at 7:45 p. m. The big number on the gym calendar at the "Y" is a circus for the last of April. All the boys who come to the classes are beginning now to save their peanuts for the elephants. Many wonderful side-shows, rare animals, and great performers will be in the spectacle. Mayor January will act as ring master.

Much interest has been aroused at the Y. M. C. A. by the new Cage Ball, which arrived Monday. Cage Ball is a large canvas covered rubber ball about 3 feet in diameter. A number of games are played with it including volley ball, punch ball, kick ball and cage ball.

The feature that distinguishes games played with the cage ball from other games is the large number that can participate in the games. The game was originated during the war by E. D. Angell, the physical educational expert, while at the Great Lakes Naval Training Station and was used extensively by Y. M. C. A. recreational secretaries in the army camps. The Bourbon County "Y" is to be congratulated on introducing this game into the community.

The following papers and magazines have been selected for the files of the Y. M. C. A. reading room, as announced by the Educational Committee:

The Cincinnati Enquirer, Lexington Herald, Saturday Evening Post, The Christian Observer, The Continent, The Outlook, Life, American, Woman's Home Companion, Ladies' Home Journal, Popular Mechanics, Worlds Work, Association Men, Rural Manhood, THE BOURBON NEWS, Kentuckian-Citizen.

The reading room at the "Y" has become very popular. The public is extended a cordial welcome.

The Lieutenant Governor began the correspondence January 20, addressing the Governors of Virginia, West Virginia, Pennsylvania, Ohio, Indiana, Illinois, Missouri, Arkansas and Tennessee, besides Governor Morrow.

MARCH HAS MARCHED AWAY

March, the month dreaded by so many, is now a thing of the past, so far as the days of the calendar are concerned. It was a month full of surprises, also with winds and rain, and, in fact, just any kind of old weather. The rainfall during the month was somewhat above normal, and the wind did more than its share of work, even in the last three days. There has been a number of really fine days. Spring now seems to be here in earnest, and this part of the Bluegrass section never looked prettier than it does at this time. At least, that is what we are told by those whose business takes them through the county.

COUNTY BOARD MEETING.

There will be a meeting of the Bourbon County Board of Education in the office of County School Superintendent J. B. Caywood, in the court house to-morrow morning at 8:30 o'clock. County school trustees are requested to call at the Superintendent's office to-morrow afternoon and get their school census blanks.

CENSUS PADS READY.

County Superintendent of Schools J. B. Caywood calls attention of the trustees of the county schools that the census pads are now ready, and should be called for to complete the school census at once.
